# The FSA Plan

## A Flexible Spending Account (FSA)

is an employee benefit plan established under IRC Section 125 that allows you to pay for everyday health care, dependent care expenses and certain individual premium expenses with pre-tax dollars.

An FSA saves you money by reducing your taxable income. The FSA amount you elect will be subtracted from your gross income. Federal, state and FICA taxes are then calculated on the lower amount. When you (or your spouse or dependents) incur an eligible expense, you'll receive reimbursement from the funds you've set aside from your paycheck.

### Health Care Component:

This account helps you save money on everyday out-of-pocket medical expenses such as medical copays, coinsurance, prescription drugs, orthodontics, vision expenses, hearing aids, dental services, eligible over-the-counter (OTC) items and more. Qualifying dependents for FSA purposes include children through the end of the year in which they turn 26.

### Limited Purpose FSA:

A limited-purpose FSA is much like a general-purpose health FSA. The main difference is that the limited-purpose account is set up to reimburse only eligible FSA dental and vision expenses. These plans allow you to contribute to an HSA as well.

### Dependent Care Component (\$5000 maximum):

This account helps you save money on daycare expenses for dependent children and adults so you can work. Qualifying dependents include children under age 13, whom you claim as a dependent on your federal income tax return (special rules apply for divorced parents), a disabled spouse and any other dependent on your tax return who resides with you and is physically or mentally disabled.

## Plan Ahead for your FSA!

Planning ahead is important when signing up for your company's FSA Plan and understanding the benefits offered is critical.

### Estimate Your Expenses:

You can maximize your FSA account by planning ahead carefully and using this helpful tool. You may also use the FSA calculator on our website, [LifetimeBenefitSolutions.com](http://LifetimeBenefitSolutions.com). Some common items to consider are also listed in the chart:

### Know the Details:

Be sure to budget for each account expense separately. Elections to and reimbursements from these accounts cannot be blended. Also, a use-it-or-lose-it provision may apply, so plan ahead carefully.

You must re-enroll in this Plan each year. You cannot change your election during a Plan year unless you incur a qualifying life event, such as marriage/divorce, birth/adoption.

Read your Summary Plan Description (SPD) carefully to understand the specific terms of your Plan. The Plan Document governs your rights and benefits under each Plan and is available through your employer.

## Claims Processing and Customer Service

### Filing a Claim:

Submit your claims online to receive the fastest reimbursement for an eligible out-of-pocket expense. Supporting receipts and documentation can be scanned and attached to your online claim, or you can email, fax or mail the required paperwork. Another option is to download a paper Reimbursement Request form. Complete the form by itemizing your expenses and following the instructions found directly on the form. Reimbursement Request forms and required documentation can either be mailed or faxed for processing.

Claims deadlines apply. Be sure to carefully read your Summary Plan Description (SPD) to understand the terms and deadlines associated with your Plan.

### Customer Service:

Most of your questions can be answered by visiting the website. If you prefer to speak with a customer service representative, call 800-327-7130 Monday-Thursday from 8am EST to 5pm EST and Friday from 9am EST to 5pm EST. ## The Health Spending Card

The Health Spending Card is a convenient payment method...you simply swipe the card without incurring an out-of-pocket expense! Behind the scenes, the provider is paid and the amount is deducted from your account balance. You don't have to file a claim form for reimbursement—the payment function is fully automated.

### Cashless but Not Paperless:

Each time you use your Health Spending Card, you must be able to prove you used it to pay for a Plan eligible item or service. Fortunately, technology behind the Health Spending Card automatically substantiates the vast majority of your transactions. You will receive a letter asking you to send in copies of your receipt and necessary documentation for those transactions that can't be automatically substantiated with supporting technology.

### Purchasing Items with the Card:

When you purchase items with the card, such as over-the-counter (OTC) items, they may be auto-substantiated if the merchant uses a special barcoding system called Inventory Information Approval System (IIAS). You will not be sent an RFI letter for transactions that are automatically substantiated. Eligible OTC items classified as not drugs and medicines, such as bandages, have the IIAS barcodes directly on the product. These items may be purchased with the card; no additional rules apply.

The IRS states that OTC items classified as drugs and medicines, such as cough syrup, are only eligible if they are accompanied by a doctor's prescription. Additional rules apply to pay for eligible drugs and medicines that are accompanied by a doctor's prescription with the Health Spending Card: 1) the pharmacist must assign an Rx number; and 2) the pharmacist must retain a record of the Rx with the transaction details. Only if all rules are met can eligible OTC drugs and medicine be paid for

with a Health Spending Card. If the pharmacy is unable to meet the IRS rules, you must pay for the items out of pocket and then submit a claim form with the proper documentation including the doctor's prescription.

### Paying for Services with the Card:

Paying a doctor's office copay is an example of paying for services with the card. However, in some cases, services provided at a medical, dental or vision office cannot be auto-substantiated. In these cases, you will receive an RFI letter asking for copies of your receipt and necessary documentation.

### Important Health Spending Card Tips:

- Keep all receipts associated with your Health Spending Card in a central location, and promptly reply when asked for a copy.
- The IRS states that services are eligible for reimbursement after the services have been rendered. Prepaying for services such as weight loss or fitness memberships is not allowed.
- The Health Spending Card will be mailed directly to your home address. Read all information enclosed with the card and sign the card to agree to the terms.
- If a merchant will not accept the card, just pay out of pocket and submit for reimbursement.

Remember—the Health Spending Card is cashless, but not always paperless!  
Be prepared to submit copies of your receipts and other documentation when requested.

Direct Deposit sends claim reimbursement payments directly to your personal bank account. Direct deposit notification statements will be emailed to you with the details of the reimbursement. If you provide incorrect information and corrective transactions are required, your account may be charged a \$25 processing fee. ### Things to Consider Upon Enrollment:

- Your FSA account refers to the combined health care and dependent care components.
- By enrolling in the FSA program, you agree to have your compensation reduced by the amount elected.
- Your election applies to this Plan year only. To continue in the Plan, you must re-enroll each year.
- Annual health care elections are available for reimbursement in full on the first day of the Plan year.
- Dependent care elections are available for reimbursement based on current balance.
- FSA accounts are tracked separately and cannot be combined. These elections are in addition to any premiums you pay on a pre-tax basis for employer sponsored health insurance.
- The dependent care account pays for daycare services needed for a qualifying dependent while you work. A qualifying dependent is a child under age 13 who is claimed as a dependent on your federal income tax return (special rules apply for divorced parents), a disabled spouse, and any other dependent on your tax return who resides in your home and is physically or mentally disabled.
- You may file claims for reimbursement from your FSA accounts for qualified expenses incurred during the Plan year and after becoming a participant. Depending on the provisions in your Plan, some or all of the funds remaining in your FSA account after the end of the Plan's run-out period may be forfeited.
- You will pay the Employer for any tax liability or penalties it incurs if you are reimbursed for an expense that is not a qualified expense, unless you repay the amount or off-set that amount with additional eligible claims within the same Plan year.
- You cannot change the amount of your FSA contributions or pre-tax health insurance premiums, unless you have a qualifying "life change" event as defined in the Plan and satisfy any other conditions for changes contained in the Plan and tax law.
- Your FSA contributions will terminate when your employment terminates. You must check with your Employer to determine if you can elect to continue your health care contributions on an after-tax basis, as allowed under COBRA.
- Your employer may change the amount of your FSA elections if necessary to satisfy tax law requirements.
- You understand that you must provide acceptable documentation for every claim you submit, including Health Spending Card purchases upon request.
- You will keep copies of all documents submitted to Lifetime Benefit Solutions for your own personal records; Lifetime Benefit Solutions is not responsible for retaining copies of your receipts beyond the current Plan year.
- Flexible Spending Accounts and Health Reimbursement Accounts are subject to Federal Law which generally supersedes state law.
- Only spouses and dependents for Federal Tax purposes are eligible for tax-free Flexible Spending Accounts and Health Reimbursement Accounts benefits.

## Reporting Medical Mileage

- Medical mileage rates are set by the IRS and can be applied to transportation primarily for and essential to medical care.
- Indicate the total number of miles incurred with each service provided (i.e. round trip miles to visit the doctor).
- Lifetime Benefit Solutions will apply the current mileage rate and include the mileage amount in your total reimbursement.
- You may be required to produce additional documentation for each mileage expense you claim.

## Medical Claims for FSA, HRA and RRA

- For each medical claim covered by your insurance carrier, submit an Explanation of Benefits (EOB). If your claims are not submitted to your insurance carrier, provide an itemized bill showing: date of service, provider name, patient name, charged amount, and description of services rendered.
- Do not send credit card receipts, original receipts or cancelled checks.
- The IRS states that Over-the-Counter (OTC) items classified as drugs and medicine are only eligible if they are accompanied by a doctor’s prescription.
- Use Plan Code M to report medical mileage associated with a Debit Card transaction. For example, if you drove 20 miles to a doctor’s appointment, and paid your copayment amount with the Debit Card, you should use Plan Code M to be reimbursed for the 20 miles you drove. You should still complete the full line of information, but you will only be reimbursed for the mileage, not the copayment amount.

## Dependent Care Claims

- Please use the separate form titled Dependent Care Account Reimbursement Request Form.

## Parking/Transit Claims

- Receipts are not required as long as page one of this form is properly completed and separate claims are itemized on separate claim lines.
- The only type of parking that is eligible for tax-free reimbursement is qualified parking on (or near) the employer’s facility, or on (or near) a location from which the employee commutes to work by public transportation. If the parking is on (or near) the employee’s residence, it is not eligible for tax-free reimbursement.

## Individual Insurance Premium

- The bill from the insurance carrier must identify participant, premium amount, coverage period, and policy number.
