SUBJECT: AHERA Notification

AHERA is a federal law enacted in 1987 which requires all school districts to re-inspect facilities for asbestos-containing building materials.

Our facilities have been inspected and response actions are planned to ensure a continued safe environment for our students and employees. Activities include training of maintenance staff to prevent disturbance of asbestos and periodic re-inspection and surveillance activities by trained personnel.

Details of such activities are described in the BOCES AHERA Management Plan, which is maintained within the Operations and Maintenance Department of BOCES 2, Room C-317, at the Career and Technical Education building.
