I. Introduction

The Monroe 2-Orleans Board of Cooperative Educational Services (“BOCES”) is committed to providing a safe, respectful, healthy, civil, orderly and supportive school environment where students may receive and staff may deliver quality educational services without disruption or interference. For discrimination, harassment or bullying violations, the procedures in Regulation 6462 outline how to report, respond and investigate.

VIII. Disciplinary Penalties, Procedures and Referrals

Discipline is most effective when it deals directly with the problem at the time and place it occurs, and in a way that students view as fair and impartial. BOCES staff who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to develop in skills of self-discipline.

Disciplinary action, when necessary, will be firm, fair and consistent so as to be the most effective in changing student behavior. In determining the appropriate disciplinary action, BOCES staff authorized to impose disciplinary penalties will consider the following:

1. The student's age,
2. The nature of the offense and the circumstances which led to the offense,
3. The student's prior disciplinary record,
4. The effectiveness of other forms of discipline,
5. Information from parents, teachers and/or others, as appropriate, and
6. Other extenuating circumstances.

As a general rule, discipline will be progressive. This means that a student's first violation will usually merit a lighter penalty than subsequent violations.

Under no circumstance however will a child in the pre-school aged program be disciplined or expelled.

If the conduct of a student is related to a disability or suspected disability, the student shall be referred to the Committee on Special Education and discipline, if warranted, shall be administered consistent with the separate requirements of this Code of Conduct for disciplining students with disability or presumed to have a disability. A student having a disability shall not be disciplined for behavior related to his/her disability.

In incidents of harassment, discrimination and/or bullying, discipline will be progressive. To determine appropriate discipline, BOCES officials will consider the age of the student, previous disciplinary record, and physical and psychological effect of the student who was harassed/bullied/discriminated against. Efforts should be made to end the harassment, bullying, discrimination (present and/or recurring), and the hostile environment, and provide an education or intervention.

A. Penalties

Students who are found to have violated the BOCES' Code of Conduct may be subject to the following penalties, either alone or in combination. The BOCES staff identified after each penalty are authorized to impose that penalty, consistent with the student's right to due process.

9. Dismissal from program – District Superintendent/designee.

B. Procedures

The amount of due process a student is entitled to receive before a penalty is imposed depends on the penalty being imposed. In all cases, regardless of the penalty imposed, the BOCES staff authorized to impose the penalty must inform the student of the alleged misconduct and investigate, to the extent necessary, the facts surrounding the alleged misconduct. All students will have an opportunity to present their version of the facts to the BOCES staff imposing the disciplinary penalty in connection with the imposition of the penalty. Students who are to be given penalties other than an oral warning, or written warning are entitled to additional rights before the penalty is imposed. These additional rights are explained below.

1. Teacher removal of disruptive students:

A student's behavior can affect a teacher's ability to teach and can make it difficult for other students in the classroom to learn. In most instances the classroom teacher can control a student's behavior and maintain or restore control over the classroom by using good classroom management techniques. These techniques may involve

the teacher directing a student to briefly leave the classroom to give the student an opportunity to regain his or her composure and self-control in an alternative setting. Such techniques may include, but are not limited to: (1) short term “time out”¹ in a classroom or in an administrator’s office; (2) sending a student into the hallway briefly; (3) sending a student to the office for the remainder of the class time only; or (4) sending a student to a counselor or other staff member for counseling. Time-honored classroom management techniques such as these do not constitute discipline removals for purposes of this Code.

On occasion, a student’s behavior may become disruptive. For purpose of this Code of Conduct, a disruptive student is a student who is substantially disruptive of the educational process or substantially interferes with the teacher’s authority over the classroom. A substantial disruption of the educational process or substantial interference with a teacher’s authority occurs when a student demonstrates a persistent unwillingness to comply with the teacher’s instructions or repeatedly violates the teacher’s classroom behavior rules.

A classroom teacher may remove a disruptive student from class for one day. The removal from class applies to the class of the removing teacher only.

If the disruptive student does not pose a danger or ongoing threat of disruption to the academic process, the teacher must provide the student with an explanation for why he or she is being removed and an opportunity to explain his or her version of the relevant events before the student is removed. Only after the informal discussion may a teacher remove a student from class.

If the student poses a danger or ongoing threat of disruption, the teacher may request that the student be removed immediately. The teacher must, however, explain to the student why he or she was removed from the classroom and give the student a chance to present his or her version of the relevant events within 24 hours.

The teacher must complete a BOCES established disciplinary removal form and contact the authorized BOCES official or his or her designee as soon as possible, but no later than the end of the school day, to explain the circumstances of the removal and to present the removal form.

Within 24 hours of the student’s removal, the teacher must notify the student’s parents, in writing, that the student has been removed from class and state the reasons for removal. The notice must also inform the parent that he or she has the right, upon request, to meet informally with the authorized BOCES official and the teacher to discuss the reasons for the removal.

The written notice must be provided by personal delivery, express mail delivery, or some other means that is reasonably calculated to assure receipt of the notice within

¹ These “time out” sessions are not the same as the time out rooms defined and controlled by Commissioner Regulations.

24 hours of the student's removal at the last known address for the parents. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting parents.

The authorized BOCES official will require the teacher who ordered the removal to attend the informal conference.

If at the informal meeting the student denies the charges, the teacher must explain why the student was removed and give the student and the student's parents a chance to present the student's version of the relevant events. The informal meeting must be held within 48 hours of the student's removal. The timing of the informal meeting may be extended by mutual agreement of the parent and authorized BOCES official.

The authorized BOCES official may overturn the removal of the student from class if the authorized BOCES official finds any one of the following:

- a. The charges against the student are not supported by competent and substantial evidence;
- b. The student's removal is otherwise in violation of law, including the Code of Conduct;
- c. The conduct warrants suspension from school pursuant the Education Law § 3214 and a suspension will be imposed.

The authorized BOCES official may overturn a removal at any point between receiving the referral form issued by the teacher and the close of business on the day following the 48 hour period for the informal conference, if a conference is requested. No student removed from the classroom by the classroom teacher will be permitted to return to the classroom until the authorized BOCES official makes a final determination, or the period of removal expires, whichever is less.

Any disruptive student removed from the classroom by the classroom teacher shall be offered continued educational programming until he or she is permitted to return to the classroom.

Each teacher must keep a complete log (on a BOCES provided form) for all cases of removal of students from his or her class. The authorized BOCES official must keep a log of all removals of students from class.

Removal of a student with a disability, under certain circumstances, may constitute a change in the student's placement. Accordingly, no teacher may remove a student with a disability from his or her class until he or she has verified with the authorized BOCES official that the removal will not violate the student's rights under state or federal law or regulation.

2. Suspension from extracurricular activities and other privileges:

A student subjected to a suspension from extracurricular activities or other privileges is not entitled to a full hearing pursuant to Education Law § 3214. However, the student and the student's parents will be provided with a reasonable opportunity for an informal conference with the BOCES official imposing the suspension to discuss the conduct and the penalty involved.

3. In-School suspension:

The BOCES must balance the need of students to attend school and the need for order in the classroom to establish an environment conducive to learning. As such, the board authorizes the executive principal, building principal, assistant principal, program supervisors, and the District Superintendent/designee to place students who would otherwise be suspended from school as the result of a Code of Conduct violation in "in-school suspension." A student subjected to an in-school suspension is not entitled to a full hearing pursuant to Education Law § 3214. However, the students and the student's parents will be provided with a reasonable opportunity for an informal conference with the authorized BOCES official imposing the in-school suspension to discuss the conduct and the penalty involved.

4. Suspension from school:

Suspension from school is a severe penalty, which may be imposed only upon students who are insubordinate, disorderly, engages in misconduct, violent or disruptive, or whose conduct otherwise endangers the safety, morals, health or welfare of others. The BOCES retains its authority to suspend students, but places primary responsibility for the suspension of the students with the District Superintendent and the authorized BOCES official. All staff members must immediately report and refer a violation of the Code of Conduct. All recommendations and referrals shall be made in writing unless the conditions underlying the recommendation or referral warrant immediate attention. In such cases a written report is to be prepared as soon as possible by the staff member recommending the suspension.

The authorized BOCES official upon receiving a recommendation or referral for suspension or when processing a case for suspension, shall gather the facts relevant to the matter and record them for subsequent presentation, if necessary.

a. Short-term (5 days or less) suspension from school.

When the authorized BOCES official or District Superintendent (referred to as the "suspending authority") propose to suspend a student for five days or less pursuant to Education Law § 3214 (3), the suspending authority must immediately notify the student orally. If the student denies the misconduct, the suspending authority must provide an explanation of the basis for the proposed suspension. The suspending

authority must also notify the student's parents in writing that the student may be suspended from school. The written notice must be provided by personal delivery, express mail delivery, or some other means that is reasonably calculated to assure receipt of the notice within 24 hours of the decision to propose suspension at the last known address for the parents. Where possible, notice should be provided by telephone also if the school has been provided with a telephone number(s) for the purpose of contacting the parents.

The notice shall provide a description of the charges against the student and the incident for which suspension is proposed and shall inform the parents of the right to request an immediate informal conference prior to suspension. The notice shall also be in the dominant language of the parents.

The notice and opportunity for an informal conference shall take place before the student is suspended unless the student's presence in school poses a continuing danger to persons or property or is an ongoing threat of disruption to the academic process. If the student's presence does pose such a danger or threat of disruption, suspension is immediate and the notice must be provided by personal delivery, express mail delivery, or some other means that is reasonably calculated to assure receipt within 24 hours of the suspension at the last known address for the parents. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting the parents. The notice shall provide an opportunity for an informal conference to take place as soon after the suspension as is reasonably practicable.

At the conference, the parents shall be permitted to ask questions of complaining witnesses under such procedures as the authorized BOCES official may establish.

After the conference, the authorized BOCES official shall promptly advise the parents in writing of his or her decision. The authorized BOCES official shall advise the parents that if they are not satisfied with the decision and wish to pursue the matter, they must file a written appeal to the District Superintendent within five business days, unless they can show extraordinary circumstances precluding them from doing so. The District Superintendent shall issue a written decision regarding the appeal within 10 business days of receiving the appeal. If the parents are not satisfied with the District Superintendent's decision, they may file a written appeal to the Board with the District Clerk within 10 business days of the date of the District Superintendent's decision, unless they can show extraordinary circumstances precluding them from doing so. A final decision by the Board may be appealed to the New York State Commissioner of Education.

b. Long-term (more than 5 days) suspension from school.

When the District Superintendent or authorized BOCES official determines that a suspension for more than five days may be warranted, he or she shall give reasonable notice to the student and student's parents of their right to a fair hearing.

The hearings and all correspondence related thereto will be conducted by the home school district.

C. Minimum Periods of Suspension

1. Students who bring a firearm or weapon to school.

Any student found guilty of bringing a firearm or weapon onto school or BOCES' property or at a BOCES' function would be subject to suspension from school for at least one calendar year from the date of the incident. Before being suspended, the student will have an opportunity for a hearing pursuant to Education Law § 3214 conducted through the home school district.

The home district superintendent has the authority to modify the one-year suspension on a case-by-case basis. In deciding whether to modify the penalty, the home district superintendent may consider the following:

- a. The student's age,
- b. The student's grade in school,
- c. The student's prior disciplinary record,
- d. The Superintendent's belief that other forms of discipline may be more effective,
- e. Input from parents, teachers and/or others, and
- f. Other extenuating circumstances.

A student with a disability may be suspended only in accordance with the requirements of state and federal law.

2. Students who commit or threaten violent acts other than bringing a firearm or weapon to school.

Any student who is found to have committed or threatened a violent act, other than bringing a firearm or weapon onto school or BOCES' property, or at a BOCES function, vandalizes or violates a student's civil rights, or harasses shall be subject to suspension from school for at least five days. A student with a disability may be suspended only in accordance with the requirements of state and federal law.

3. Students who are repeatedly substantially disruptive of the educational process or repeatedly substantially interfere with the teacher's authority over the classroom.

Any student who repeatedly is substantially disruptive to the educational process or substantially interferes with the teacher's authority over the classroom, will be suspended from school for at least five days. For purposes of this Code of Conduct, "repeatedly substantially disruptive" means engaging in conduct that results in the student being removed from the classroom by the teacher(s) pursuant to Education Law § 3214(3)(a) and this Code on four or more occasions during a semester. The student and the student's

parent will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. A student with a disability may be suspended only in accordance with the requirements of state and federal law.

D. Referrals

1. Counseling:

The School Based Mental Health Staff shall handle all referrals of students to counseling. At the CTE program during the re-entry meeting or in other circumstances, the counseling office will be utilized to assist students or make referrals.

2. PINS Petition:

The BOCES and/or home district may file a PINS (Person In Need of Supervision) Petition in Court on any student under the age of 18 who demonstrates that he or she requires supervision and treatment by but not limited to:

- a. Being habitually truant and not attending school as required by part one of Article 65 of the Education Law.
- b. Engaging in an ongoing or continual course which makes the student ungovernable or habitually disobedient and beyond the lawful control of the school.
- c. Knowingly and unlawfully possesses marijuana in violation of Penal Law § 221.05.

3. Juvenile Delinquents and Juvenile Offenders:

The home school district superintendent is required to refer the following students to the County Attorney for a juvenile delinquency proceeding before the Family Court:

- a. Any student under the age of 16 who is found to have brought a firearm or weapon to school, or
- b. Any student 14 or 15 years old who qualifies for juvenile offender status under the Criminal Procedure Law § 1.20(42). The District Superintendent is required to refer students age 16 or older or any student 14 or 15 years old who qualifies for juvenile offender status to the appropriate law enforcement authorities.

IX. Alternative Instruction

When a student of compulsory attendance age is suspended from school pursuant to Education Law § 3214, the home school district will take immediate steps to provide alternative means of instruction for the student. For students suspended in school, or removed from the classroom, BOCES will take the necessary steps to ensure continued educational programming and activities.

X. Discipline of Students with Disabilities

The BOCES recognizes that it may be necessary to suspend, remove or otherwise discipline students with disabilities to address disruptive or problem behavior. The BOCES also recognizes that students with disabilities are afforded certain procedural protections whenever staff intend to impose discipline upon them. The BOCES is committed to ensuring that the procedures followed for suspending, removing or otherwise disciplining students with disabilities are consistent with the procedural safeguards required by applicable laws and regulations.

This Code of Conduct affords students with disabilities subject to disciplinary action no greater or lesser rights than those expressly afforded by applicable federal and state law and regulations.

A. Authorized Suspensions or Removals of Students with Disabilities

1. For purposes of this section of the Code of Conduct, the following definitions apply.

A “suspension” means a removal for disciplinary reasons from the student’s current educational placement (other than a suspension and change in placement to an interim alternative educational setting (IAES) ordered by an impartial hearing officer or the home school district’s superintendent because the student poses a risk of harm to himself or herself or others.

An “IAES” means a temporary educational placement for a period of up to 45 days, other than the student’s current placement at the time the behavior precipitating the IAES placement occurred, that enables the student to continue to progress in the general curriculum, although in another setting, to continue to receive those services and modifications, including those described on the student’s current individualized education program (IEP), that will enable the student to meet the goals set out in such IEP, and include services and modifications to address the behavior which precipitated the IAES placement that are designed to prevent the behavior from recurring.

2. Authorized BOCES official staff may order the suspension or removal of a student with a disability from his or her current educational placement as follows:
 - a. A suspension for a period not to exceed five consecutive school days and not to exceed the amount of time a non-disabled student would be subject to suspension for the same behavior.
 - b. The home school Superintendent may order the placement of a student with a disability into an IAES, another setting or suspension for up to 10 consecutive school days, inclusive of any period in which the student has been suspended or removed under subparagraph (a) above for the same behavior, if it is determined that the student has engaged in behavior that warrants a suspension and the suspension or removal does not exceed the

amount of time non-disabled students would be subject to suspension for the same behavior.

- c. The home school Superintendent may order the placement of a student with a disability in an IAES to be determined by the Committee on Special Education (CSE), for the same amount of time that a student without a disability would be subject to discipline, but not more than 45 school days, if the student possesses a weapon on BOCES property or at a BOCES function, or the student possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at or on BOCES' property or a BOCES' function, or inflicts serious bodily injury upon another at BOCES or on BOCES' property or at a BOCES function. Serious bodily injury is defined as one of the following: substantial risk of death or extreme physical pain or obvious disfigurement or protracted loss or impairment of the function of a bodily member, organ or faculty.

- 1) "Weapon" means the same as "dangerous weapon" under 18 USC § 930 (g)(3) which includes "a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of causing death or serious bodily injury, except for a pocket knife with a blade less than 2 ½ inches in length" (See section II for a full definition of a weapon).
- 2) "Controlled substance" means a drug or other substance identified in certain provisions of the Federal Controlled Substance Act specified in both federal and state law and regulations applicable to this policy.
- 3) "Illegal drugs" means a controlled substance except for those legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under the Controlled Substance Act or any other federal law.

3. Subject to specified conditions required by both federal and state law and regulations, an impartial hearing officer may order the placement of a student with a disability in an IAES setting for up to 45 school days at a time, if maintaining the student in his or her current educational placement poses a risk of harm to the student or others.

B. Change of Placement Rules

1. A disciplinary change in placement means a suspension or removal from a student's current educational placement that is either:
 - a. For up to 10 school days in a school year that do not constitute a change in placement;
 - b. For subsequent suspensions for periods of ten (10) consecutive school days or less in the aggregate total more than ten (10) school days in a school year, but do not constitute a disciplinary change in placement;
 - c. For periods in excess of ten (10) school days in a school year which do not constitute a disciplinary change in placement.

2. BOCES staff may not suspend or remove a student with disabilities if imposition of the suspension or removal would result in a disciplinary change in placement based on a pattern of suspension or removal.

However, the BOCES may impose a suspension or removal, which would otherwise result in a disciplinary change of placement, based on a pattern of suspensions or removals if the manifestation team has determined that the behavior was not a manifestation of the student's disability, or the student is placed in an IAES for behavior involving weapons, illegal drugs or controlled substances or inflicted serious bodily injury.

C. Special Rules Regarding the Suspension or Removal of Students with Disabilities

BOCES will consult with the home school district's Committee on Special Education concerning suspension or removal of students with disabilities.

D. Expedited Due Process Hearings

BOCES will defer to the home school district's Committee on Special Education concerning expediting due process hearings.

XI. Corporal Punishment

Corporal punishment is any act of physical force upon a student for the purpose of punishing that student. Corporal punishment of a student by BOCES staff is strictly forbidden. However, in situations where alternative procedures and methods that do not involve the use of physical force cannot reasonably be used, reasonable physical force may be used; meaning staff may implement emergency physical interventions.

The BOCES will file all paperwork/forms on use of corporal punishment with the Commissioner of Education in accordance with Commissioner's regulations.

XII. Student Searches and Interrogations

The BOCES is committed to ensuring an atmosphere on its property and at BOCES' functions that is safe and orderly. To achieve this kind of environment, any authorized BOCES official may impose a disciplinary penalty on a student, and may question a student about an alleged violation of law or the district Code of Conduct. Students are not entitled to any sort of "Miranda"-type warning before being questioned by authorized BOCES officials, nor are authorized BOCES officials required to contact a student's parent before questioning the student. However, authorized BOCES officials will inform all students why they are being questioned.

An authorized BOCES official may search a student and/or student's belongings or the belongings on the student and/or in the student's possession. Prior to that search, the authorized BOCES official will first initiate a conversation with the student in an effort to have the student admit to

their behavior that is violating the law or the Code of Conduct and/or turn over the contraband in lieu of having to perform a search.

An authorized BOCES official may conduct a search of a student's belongings that is minimally intrusive, such as touching the outside of a book bag or the like, without reasonable suspicion, so long as the BOCES official has a legitimate reason for the very limited search.

An authorized BOCES official may search a student or the student's belongings (including but not limited to shoes/footwear, car, purse, cell phone, book bag, electronic device) based upon reasonable suspicion or information received from a reliable informant. Individuals will be considered reliable informants if they have previously supplied information that was accurate and verified, or they make an admission against their own interest, or they provide the same information that is received independently from other sources, or they appear to be credible and the information they are communicating relates to an immediate threat to safety. BOCES staff will be considered reliable informants unless they are known to have previously supplied information that they knew was not accurate.

Whenever practicable, searches will be conducted in the privacy of administrative offices and students could be present when their possessions are being searched, and two adults if possible.

A. Student Lockers, Desks and Other School Storage Places

The rules in this Code of Conduct regarding searches of students and their belongings do not apply to student lockers, desks, rooms, cabinets, computers, and other BOCES property such as compartments, equipment, supplies and/or storage places. Students have no reasonable expectation of privacy with respect to these places and authorized BOCES officials retain complete control over these items. This means that student lockers, desks, rooms, cabinets, computers, and other BOCES storage places may be subject to search at any time by authorized BOCES officials, without prior notice to students and without their consent.

B. Strip Search

A strip search is a search that requires a student to remove any or all of his or her clothing, other than an outer coat or jacket. It is permissible for the BOCES official to ask a student to pull up their pants leg up to their knees, turn over their waistband, or lift the shirt forward, and shake. If an authorized BOCES official believes it is necessary to conduct a strip search, the BOCES official may do so only if the search is authorized in advance by the District Superintendent or the BOCES attorney. The only exception to this rule requiring advanced authorization is when the BOCES official believes there is an emergency situation that could threaten the safety of the student or others.

Strip searches may only be conducted by an authorized staff member of the same gender as the student being searched and in the presence of another authorized BOCES official who is also of the same gender as the student.

Before conducting a strip search, the authorized BOCES official must consider the nature of the alleged violation, the student's age, the student's record and the need for such a search.

Authorized BOCES officials will attempt to notify the student's parents by telephone before conducting a strip search or in writing after the fact if the parent could not be reached by telephone prior to the search.

C. Documentation of Searches

The authorized BOCES official conducting any search shall be responsible for promptly recording the following information about each search:

1. Name, age and grade of student searched;
2. Reason(s) for the search;
3. Name of any informant(s), unless confidential;
4. Purpose of search (that is, what item(s) were being sought);
5. Type and scope of search;
6. Person conducting search and his or her title and position;
7. Witnesses to the search;
8. Time and location of search;
9. Results of search (that is, what item(s) were found);
10. Disposition of item(s) found;
11. Time, manner and results of parental notification.

The authorized BOCES official shall be responsible for the custody, control and disposition of any item taken from the student. The authorized BOCES official shall clearly label each item taken from the student and retain exclusive, restricted control of the item(s), until the items are turned over to the police or hearing officer. The authorized BOCES official shall be responsible for personally delivering dangerous or illegal items to police authorities.

D. Police Involvement in Searches and Interrogations of Students

Authorized BOCES officials are committed to cooperating with police officials and other law enforcement authorities to maintain a safe school environment. Police officials, however, have limited authority to interview or search students in BOCES or at BOCES functions, or to use BOCES facilities in connection with police work. Police officials may enter BOCES-owned or leased property or a BOCES function to question a student or to conduct a formal investigation involving students only if they have:

1. A search or an arrest warrant; or
2. Probable cause to believe a crime has been committed on school or BOCES property or at a BOCES function; or
3. Been invited by BOCES.

Before police officials are permitted to question or search any student, the authorized BOCES official or police or home school district representative shall first try to notify the student's parent to give the parent the opportunity to be present during the police questioning or search. If the parent can't be contacted, the police will still question the student. The authorized BOCES official will also be present during any police questioning or search of a student on BOCES property or at a BOCES function.

Students who are questioned by police officials on BOCES property or at a BOCES function will be afforded the same rights they have outside the BOCES. This means:

1. They must be informed of their legal rights;
2. They may remain silent if they so desire;
3. They may request the presence of an attorney.

E. Child Protective Services Investigations

Consistent with the BOCES commitment to keep students safe from harm and the obligation of authorized BOCES officials to report to child protective services when they have reasonable cause to suspect that a student has been abused or maltreated, the BOCES will cooperate with and assist CPS representatives and their multi-disciplinary team in accordance with Social Services Law § 425 but have discretion to refuse a meeting with local child protective services workers who wish to conduct interviews of students on BOCES property relating to allegations of suspected child abuse, and/or neglect, or custody investigations.

All requests by child protective services to interview a student on BOCES property shall be made directly to the authorized BOCES official. The authorized BOCES official shall set the time and place of the interview if they determine the interview shall take place. The authorized BOCES official shall decide if it is necessary and appropriate for an authorized BOCES official to be present during the interview, depending on the age of the student being interviewed and the nature of the allegations. If the nature of the allegations is such that it may be necessary for the student to remove any of his or her clothing in order for the child protective services worker to verify the allegations, the BOCES nurse or other district medical personnel must be present during that portion of the interview. No student will be required to remove his or her clothing in front of a child protective worker or authorized BOCES official of the opposite gender.

A child protective services worker may not remove a student from school property without a court order, unless the worker reasonably believes that the student would be subject to danger or abuse, if he or she were not removed from school before a court order can reasonably be obtained. If the worker believes the student would be subject to danger of abuse, the worker may remove the student without a court order and without the parent's consent.

XIII. Visitors to the Schools

The BOCES encourages parents and other district citizens to visit the BOCES schools/programs and classrooms to observe the work of students, teachers and staff. Since schools are a place of work and learning, certain limits must be set for such visits. The authorized BOCES official is responsible for all persons on BOCES property and at a BOCES function. For these reasons, the following rules apply to visitors to the schools:

1. Anyone who is not a regular staff member or student of the school will be considered a visitor.
2. All visitors to the school must report to the office of the authorized BOCES official upon arrival at the school. There they will be required to sign the visitor's registry and will be issued a visitor's identification badge, which must be worn at all times while in the school or on school grounds. The visitor must return the identification badge to the office before leaving the building.
3. Visitors attending school functions that are open to the public, such as parent-teacher organization meetings or public gatherings, are not required to register.
4. Parents or citizens who wish to observe a classroom while school is in session are required to arrange such visits in advance with the classroom teacher(s) so that class disruption is kept to a minimum.
5. Visitors should not be on the property for social purposes.
6. Any unauthorized person on school property will be reported to the authorized BOCES official. Unauthorized persons will be asked to leave. The authorized BOCES official may be called if the situation warrants.
7. All visitors are expected to abide by the rules for public conduct on BOCES property contained in this Code of Conduct.

XIV. Public Conduct on School Property

The BOCES is committed to providing an orderly, respectful, supportive and safe environment that is conducive to learning. To create and maintain this kind of an environment, it is necessary to regulate public conduct on BOCES property and at BOCES functions. For purposes of this section of the Code, "public" shall mean persons when on BOCES property or attending a BOCES function including students, teachers and district personnel.

The restriction on public conduct on BOCES property and at BOCES functions contained in this Code is not intended to limit freedom of speech or peaceful assembly. The BOCES recognizes that free inquiry and free expression are indispensable to the objectives of the BOCES. The purpose of this Code is to maintain public order and prevent abuse of the rights of others.

All persons on BOCES property or attending a BOCES function shall conduct themselves in a respectful and orderly manner. In addition, all persons on BOCES property or attending a BOCES function are expected to be properly attired for the purpose they are on school property for.

A. Prohibited Conduct

No person, either alone or with others, shall:

1. Intentionally injure any person or threaten to do so.
2. Intentionally damage or destroy BOCES property or the personal property of a BOCES staff or any person on BOCES property, including by graffiti or arson.
3. Disrupt the orderly conduct of classes, BOCES programs or other BOCES activities.
4. Distribute or wear materials on BOCES grounds or at BOCES functions that are obscene, advocate illegal action, appear libelous, obstruct the rights of others, or are disruptive to the BOCES program.
5. Intimidate, harass, discriminate, or bully against any person on the basis of age, sex, race, color, creed, religion, national origin, marital status, veteran status, disability, military status, sexual orientation, gender identity, gender expression, prior criminal offense, domestic violence victim status, interns or genetic status.
6. Enter any portion of the premises without authorization or remain in any building or facility after it is normally closed.
7. Obstruct the free movement of any person in any place to which this Code applies.
8. Violate the traffic laws, parking regulations or other restrictions on vehicles.
9. Possess, consume, sell, distribute, share, use, be under the influence, manufacture or exchange alcoholic beverages, powdered alcohol or as in a beverage, controlled substances, illegal substances, over-the-counter, look alike substances, legal substances that mimic the effects of an illegal substance, or be under the influence of either on BOCES property or at a BOCES function.
10. Smoking, selling, sharing, distributing, using, manufacturing, exchanging and/or possessing a tobacco product. Tobacco shall be defined as any lighted or unlighted cigarette, cigar, cigarillo, pipe, bidi, clove, cigarette, and any other smoking product matter or substance that contains tobacco, and spit tobaccos, (smokeless, dip chew and/or snuff), in any form. The use of e-cigarettes and any other products containing nicotine is also prohibited.
11. The use or possession of e-cigarettes, vaporizers or a similar instrument.
12. Possess, use, or threaten the use of firearm(s) or weapon(s) in or on BOCES property or at a BOCES function, except in the case of law enforcement officers or except as specifically authorized by the school district.
13. Loiter on or about BOCES property or at a BOCES' function.
14. Gamble on BOCES property or at BOCES functions.

PLAIN LANGUAGE SUMMARY OF THE DIGNITY FOR ALL STUDENTS ACT (DASA)

BOCES adopted and will review annually a policy on Dignity for All Students Act (DASA) or commonly referred to as the anti-bullying policy. The complete policy may be found on the BOCES website, policy #6462.

The policy explains that the Board is committed to providing an educational environment that promotes dignity, respect, and equality. The Board condemns and prohibits all forms of discrimination, harassment, hazing, bullying, and cyberbullying wherever they occur whether on a BOCES-owned or leased grounds or facilities, buses, BOCES-sponsored activities, programs, or work based learning locations.

Bullying that occurs outside of BOCES that materially and substantially interferes with the operation of the school or program, or impinges on the rights of a student is prohibited and discipline could result.

The policy defines the terms discrimination, hazing, harassment, bullying, and cyberbullying in accordance with law. Discrimination is an act of denying benefits, rights, or equitable treatment because of a group or class in which that person belongs. Hazing is an induction or initiation process involving harassment or public humiliation and could involve discomfort or injury or ridicule. Harassment is the creation of a hostile environment by conduct, verbal threats, intimidation, or abuse that has the effect of unreasonably and substantially interfering with educational performance, mental, emotional or physical well-being, or cause a fear of safety. Bullying is a hostile activity that harms or induces fear through the threat of further aggression. Cyberbullying is harassment or discrimination, or hazing, or bullying through any form of electronic communication. The harassing/bullying behavior may be based on or perception of:

- Race
- Color
- Weight
- National origin
- Ethnic group
- Religion
- Disability
- Sex
- Sexual orientation
- Gender (including gender identity and expression)

Prevention

Bullying prevention programs will be integrated into classroom instruction through BOCES-wide training on warning signs of bullying and the responsibility to become actively involved in prevention of bullying before it starts.

Coordinators

A BOCES-wide Dignity Act Coordinator and a number of school-level Dignity Act Coordinators will be appointed to coordinate, implement, and review trends, investigate, track, and remedy allegations of bullying. The following people are designated as Dignity Act Coordinators:

<u>Name</u>	<u>Building</u>	<u>Phone</u>	<u>E-mail</u>
Tim Dobbertin	BOCES-Wide/ESC	352-2415	tdobbert@monroe2boces.org

Intervention

Intervention is an important step in preventing escalation and resolving issues at the earliest stages. Successful intervention may involve remediation, which includes measures to correct the behavior and prevent another occurrence. Staff is expected to refer students or intervene where bullying is suspected.

Provisions for not feeling safe at school

Students who do not feel safe at school lose the capacity to learn. Staff, principals/building administrators, and parents should work together to define and implement needed accommodations to help ensure student safety. This effort will be collaborative and handled individually.

Training

Training to support prevention and intervention will be reflected in the Annual Professional Development Plan, new teacher orientation, and in the curriculum.

Reporting and Investigation

Students, staff, and parents should report bullying behavior they have observed or experienced. Complaints will be documented, treated and handled in accordance with the DASA

regulations or BOCES Code of Conduct. Staff is expected to report an incident of bullying even if the student did not complain. The results of an investigation should be reported to the complainant and accused who can appeal based on the procedures outlined in the DASA regulation 6462.

Disciplinary Consequences/Remediation

Disciplinary action including involving law enforcement if criminal conduct is involved will be in accordance with the Code of Conduct. A clear message needs to be given that bullying actions are wrong and the behavior must discontinue. The consequences will be unique to the individual incident and vary depending on the severity of the behavior, child's age, and student's history of problem behaviors.

Non-Retaliation

All complainants and those who initiate, testify, assist, report, or participate in the investigation of a complaint in conformity with state law and BOCES policies, who have acted reasonably and in good faith, have the right to be free from retaliation of any kind.

Dissemination, monitoring, review, and reporting

This policy will be reviewed annually. The Board will review the VADIR report annually with attention to bullying and may consider further action based on the data. A complaint form will be posted on the BOCES website. This plain language summary will be sent to parents in the parent packet and will be included in the Code of Conduct and posted on the BOCES website.
