

**Monroe 2-Orleans BOCES Policy**  
**Series 7000 – Instruction**  
**Policy #7111 – DRILLS AND BOMB THREATS**

### **Drills**

The administrator of each school building shall instruct and train students, through drills, in procedures for leaving the building in the shortest possible time and without confusion or panic.

Drills shall be held at least twelve (12) times in each school year; eight (8) of these shall be evacuation drills and eight drills must be held between September 1 and December 31. Four of the drills must be lockdown drills. If possible, law enforcement will be involved in the lockdown drills. At least one (1) of the twelve (12) drills shall be held during a regular lunch period, or shall include special instruction on the procedures to be followed if a fire occurs during a student's lunch period.

At least two (2) additional drills shall be held during summer school in buildings where summer school is conducted and one of these drills shall be held during the first week of summer school.

At least one-third of such required drills shall be through use of fire escapes on buildings where such escapes are provided.

### **After-School Programs**

The building principal or his/her designee shall require those in charge of after-school programs, attended by any individuals unfamiliar with the school building, to announce at the beginning of such programs the procedures to be followed in the event of an emergency.

### **Bomb Threats For BOCES Operated Facilities**

A bomb threat, even if later determined to be a hoax, is a criminal action. No bomb threat should be treated as a hoax when it is first received. The BOCES has an obligation and responsibility to ensure the safety and protection of the students and other occupants upon the receipt of any bomb threat. This obligation must take precedence over a search for a suspect object. Prudent action is dependent upon known information about the bomb threat - location, if any; time of detonation; etc. If the bomb threat is targeted at the school parking lot or the front of the school, building evacuation may not be an appropriate response. If the bomb threat indicates that a bomb is in the school, then building evacuation is necessary unless the building has been previously inspected and secured in accordance with State Education Department Guidelines and as incorporated in the School Emergency Management Plan and administrative regulations.

The decision to evacuate a building or to take shelter is dependent upon information about where the bomb is placed and how much time there is to reach a place of safety. Prudent action dictates that students and other occupants be moved from a place of danger to a place of safety. Routes of egress and evacuation or sheltering areas must be thoroughly searched for suspicious objects before ordering an evacuation. Failure to properly search evacuation routes before an evacuation takes place can expose students and staff to more danger than remaining in place until the search has taken place. Assistance is available from local police agencies and the New York State Police to train staff to check evacuation routes.

### **Police Notification and Investigation**

A bomb threat to a school is a criminal act, which is within the domain and responsibility of law enforcement officials. Appropriate State, county, and/or local law enforcement agencies must be

**Monroe 2-Orleans BOCES Policy**  
**Series 7000 – Instruction**  
**Policy #7111 – DRILLS AND BOMB THREATS**

notified of any bomb threat as soon as possible after the receipt of the threat. Law enforcement officials will contact, as the situation requires, fire and/or county emergency coordinators according to the county emergency plan.

Therefore, the building administrator or designee is to notify local law enforcement officials and follow established procedures to move all occupants out of harm's way.

**Implementation**

The Board directs the District Superintendent or his/her designee to develop protocols to implement the terms of this policy. Additionally, such protocols are to be incorporated in the School Emergency Management Plan, with provisions for written notification by October 1 of each school year to all students and staff about emergency procedures, an annual emergency drill, and the annual updating of the School Emergency Management Plan as mandated pursuant to law and/or regulation.
