PARENTAL/GUARDIAN CONSENT FOR USE OF STUDENT INTERVIEWS, PHOTOGRAPHS, VIDEORECORDING

During the year there are times when Monroe 2-Orleans BOCES photographs, videorecords, or interviews students. The photographs, videos, or interviews could be used to publicize an activity or event or to honor student achievement. The student photograph, video and/or interview may be used internally at Monroe 2-Orleans BOCES or externally in print and/or electronic form and/or on the Internet, including social media platforms.

Monroe 2-Orleans BOCES will presume that you are granting permission for photographs, video recordings and/or interviews of your student to be utilized unless you send an email to this address NOT granting permission for such use: sdawe@monroe2boces.org.

Please know that the news media is legally entitled to take photographs during events of public interest such as at a board meeting, at an athletic event, school play, lecture, or at an activity where students are present **even if the parent/guardian has not granted permission for such use.**

Please know, Monroe 2-Orleans BOCES allows for release of limited directory information without parent/legal guardian consent. This means BOCES will release the following directory information to federal, state or local law enforcement who seek information for any reason: student name, address, telephone listing, photograph and/or email and attendance records. If you do not wish to have this information released without your consent, please email **sdawe@monroe2boces.org.**
