

## EARLY EXPERIENCE SHAPES FUTURES

The Integrated Preschool Program develops capable, enthusiastic learners. The small class size allows individualized attention for each student's needs, including interventions in cognitive, speech and language, motor and social skills. Children are encouraged to be curious, creative and confident. They gain a sense of belonging to their communities and learn how to get along with their peers.

## INFORMATION

PLAY,

LEARN

AND GROW...

TOGETHER!

## OUR INTEGRATED PRESCHOOL PROGRAM

## PROGRAM TIMES AND LOCATIONS

Classes are led by certified special education teachers with training in preschool education. Teachers focus on a curriculum aligned with New York State Next Generation Learning Standards and the life skills students need to be successful. Academic, language and social-emotional supports are built into daily learning experiences. Services for students with disabilities are provided per their Individualized Education Plans (IEP), approved by the Committee on Preschool Special Education.

**Integration with component district Pre-K programs (morning and afternoon sessions)**

The goal of the Integrated Preschool Program at Monroe 2-Orleans BOCES is to give all children, with and without disabilities, the opportunity for an exceptional educational experience, preparing them for kindergarten and beyond. Children in the program learn and play together in a warm, supportive, language-enriched environment, where differences are accepted and celebrated.
