

USE EDOCTRINA

TO HELP STUDENTS

PREPARE FOR

REGENTS RETAKES!

Your district has imported regents results from June 2023

This means we can give students reports showing them how they did on EACH QUESTION

Your choices:

1. Printed Report or Electronic Report

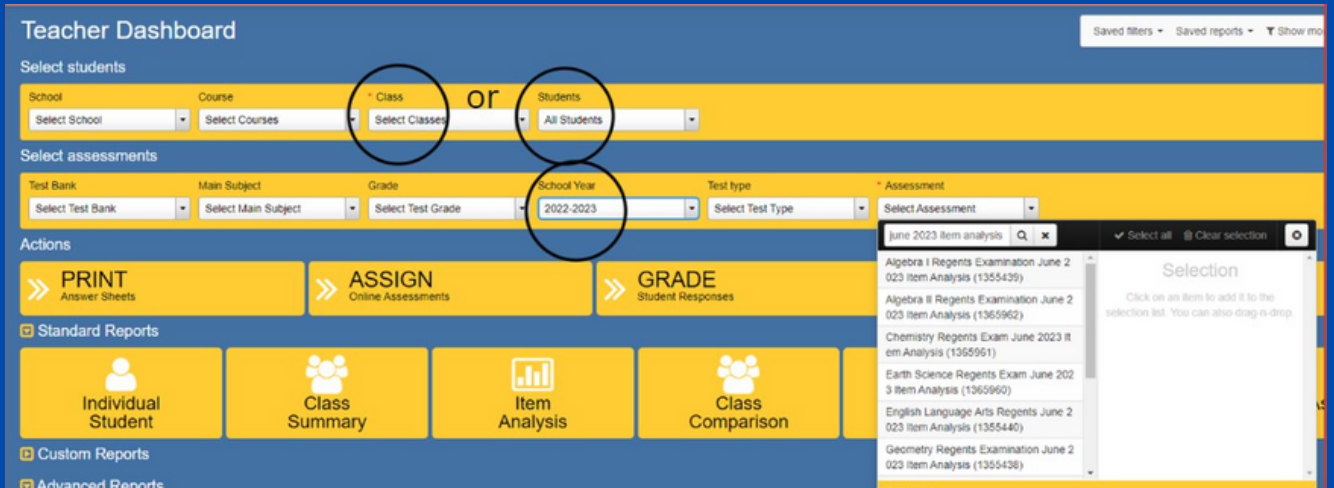

A printed report, like the AFL Report, will show students the question text and allow them to mark if they knew the answer, made a simple mistake, or need more help. Students may need a copy of the regents test to get the full picture.

We can send an electronic report that includes the question text, the answer rationale, and any passage associated with the question! It's like having the full regents test along with their answer selection!

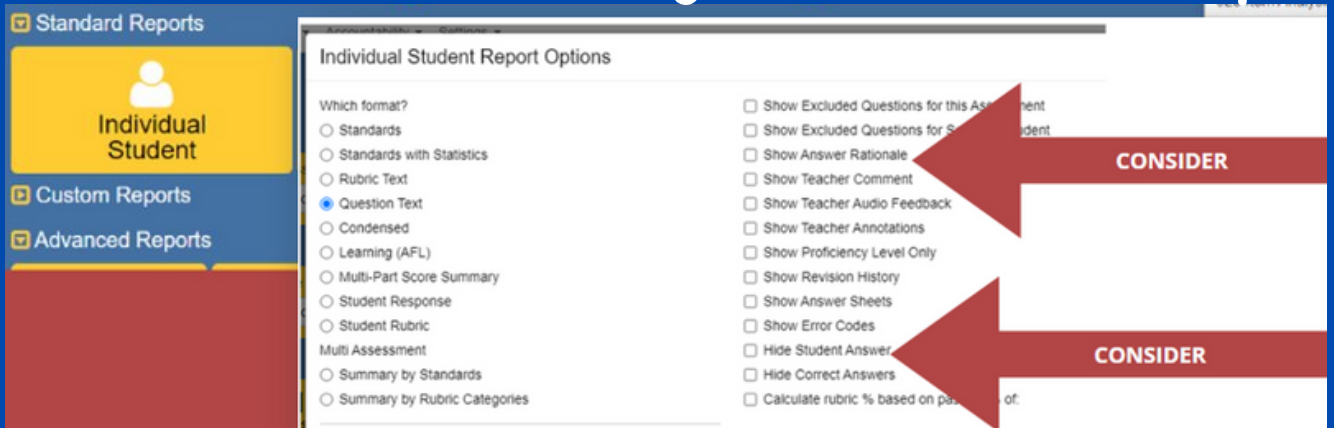

2. Hide correct answers to have students do test corrections

Anytime you generate a report, you have the option to show students what you want them to see (or not see!). You may opt to hide the correct answers from the report so students have to review the question and try again!

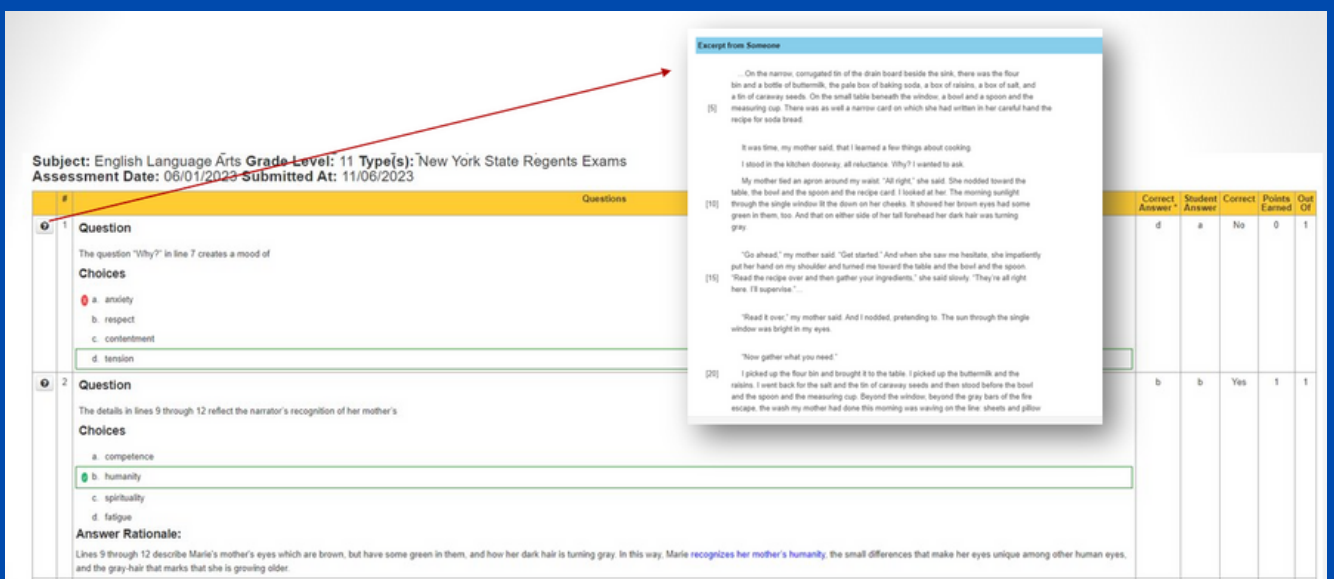

What you need on the Teacher Dashboard to run reports

Considerations when running Individual Student Report
